

Pink Sneakers Productions is currently producing a documentary on life-altering medical conditions for TLC (The Learning Channel). The documentary will chronicle three individuals currently struggling with an unusual, and sometimes embarrassing, medical condition. We'd like to dedicate a segment of the documentary to stuttering.

We're interested in relaying the personal experiences of someone who suffers from a severe stutter on a daily basis. We'd explore how the stutter affects someone's everyday activities (i.e. school, work, shopping, etc.) as well as treatment therapies this person may seek. If you or anyone you know is interested in sharing their story, please contact the Pink Sneakers casting team. Email casting@pinksneakers.net or call 407-464-2080, ext. 155 for more information.

Pink Sneakers Productions is a TV production house based in Orlando, Florida. We produce quality reality and documentary programming for a variety of networks including MTV, VH1, and Bravo. Please visit www.pinksneakers.net to check out our past productions.

Thanks,

Rebecca
